Planting Your Summer Getaway

By Kat Harrold GRP

[Tellus 360 Reclaims its Roof](#)

It's been a busy season but an exciting one so far. [Tellus 360](#) finished their new green roof. As you can see from the picture above what a difference a little green will do!

[Endangered Species Calls "Green Wall" Home](#)

Franklin and Marshall College completed their green roof and found a surprising and rare green wall. Tucked into the mortar of a shaded brick wall on the roof an endangered species of fern has established a small colony! For those of you who are native plant lovers, this article is for you.
